

Product information

Index	13.5515.0001.00
Category	Components
Family	Centralized Battery system

Light and electrical features

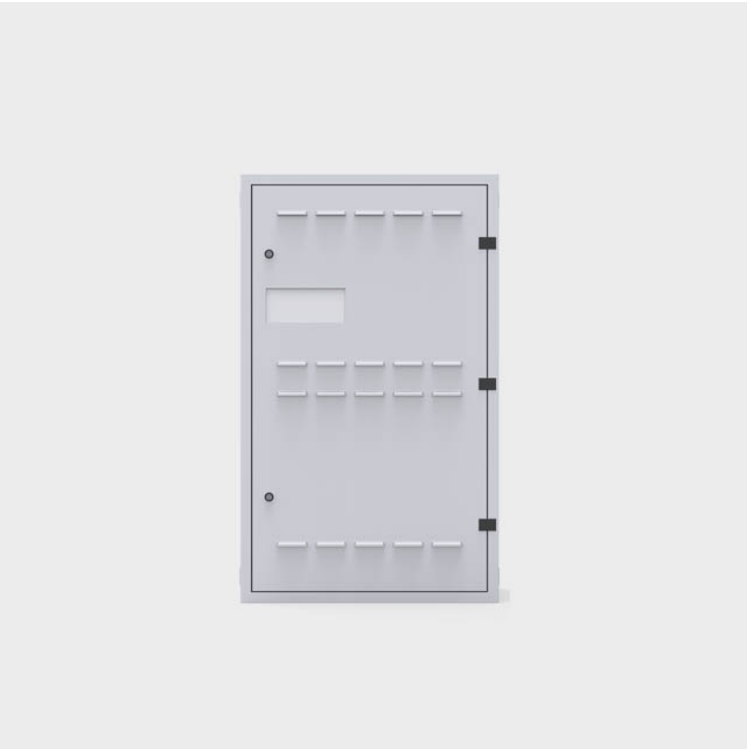

Self-test	No
Degree of insulation	Class 1
Operating temperature	5°C to 40°C
Voltage	220...240V, 50...60 Hz
Visual indications (LED colour)	Green
Lifetime of LED sources [h]	50000

Battery

Battery type	Pb
--------------	----

Mechanical features

Ingress protection degree (IP)	20
Dimensions A x B x H [mm]	1000 x 600 x 350

The LPS/4 model is an intelligent centralized battery system capable of powering, controlling and monitoring up to 80 luminaires, spread over four lines.
